

CSSC NOSAC held at Aldeburgh on 27 November 2010 - Results

Was held at Aldeburgh, Suffolk on 27 November from 12:00 till 18:00. A light NE breeze brought snow flurries for the first couple of hours. Then the skies cleared with sunshine and later to reveal a starry night for the last two hours (after darkness). Snags were a problem with several anglers losing several sets of tackle. The pebble beach froze

before we finished the match with temperatures around -5C by 6pm. Most anglers caught something even if undersize with lots of small whiting and dabs around. One codling showed up for Barry Davies who took the longest round fish prize. 4 anglers tied for the longest flatty and Martin Bradshaw took the longest bag trophy with 496cm.

We had a bit of a snow storm while waiting to start!

did say it
might snow!*

*But
thankfully
not ALL of
the time.*

And finally..... When Ashley got a bite he said it would be “this big”! (Imagination)

But when he pulled it out it was well below average!!! (Reality)

At least the sunset effect on the clouds to the east didn't disappoint us!

Hope to see everyone at Otterspool on the Mersey in 2011!
